**Follow the fish!**

# BAHCO

# **MORE THAN**

# **CORD LESS**

*Bahco's new solution to boost productivity in vineyards and landscaping: cordless tools with removable and interchangeable batteries.*

*Bahco goes one step further developing cordless hand tools, to reach new levels of...*

## **...FREEDOM**

▶ Cordless tools eliminate the need for a cable thereby allowing for maximum freedom during usage. They also eliminate the worry of having to untangle or cutting the cable.

## **...DURABILITY**

▶ Lithium battery technology, combined with brushless motors, are the drivers behind the move to cordless tools. Together they offer more power and durability than ever before.

## **...PRODUCTIVITY**

▶ The combination of freedom of movement and durability in this new generation of electric tools allows for outstanding levels of productivity to be achieved, making the most of the workday.

# **PURE FREEDOM TO CUT & TIE**

- ▶ **100%  
FREEDOM**
- ▶ **No cable,  
NO PROBLEM**
- ▶ **Battery replacement  
IN 10 SECONDS**
- ▶ **Super  
LIGHTWEIGHT**

*The combination of cordless technologies and removable and interchangeable batteries allows you to work with total freedom, without having to keep an eye on the time.*

# ENDLESS POWER

## ► Easy CONNECTION

- Removable batteries are slotted into the tools with one simple movement.

## ► Charger with DUAL CONNECTION

- One charger, connects 2 batteries at the same time and charges consecutively.
- Battery charge takes just 1.5 hours.

## ► COMPATIBILITY

- Battery pack compatible with BCL20IB secateurs and the BCL40IB tying machine.

NOTE: The battery is equipped with 4 Samsung lithium-ion battery cells for a longer life.  
Available with 2.5Ah capacity, providing a stored energy of 36 Wh. The rated voltage is 14.4V.

*Greater autonomy and flexibility have led to a restructuring in working methods, which is now much more productive while maintaining the precision required by this task.*

BCL20IB

# CORDLESS SECATEURS

- The double blade-opening (15 mm and 32 mm) allows fast pruning, which makes the tool particularly suited to vineyard pruning.
- The secateurs can also be used for pruning berries as well as ornamental plants in parks and gardens.

High quality Japanese steel blade provides high quality cutting performance

Progressive cut with double blade –opening (15 mm & 32 mm) for different pruning needs. Smaller blade opening increases work time and saves battery power

Lubrication hole and nut lock system for easy maintenance

Smart Intelligent display indicating the battery autonomy

Black soft grips for high working comfort

ON/OFF Switch

14.4V removable cordless battery pack shaped to the housing of the secateurs. Increased safety and total freedom of movement

2  
battery  
packs

Includes

- Cordless secateurs
- Black foam case
- 2 x 14.4V lithium batteries
- Charger with a dual-connection
- 4 different adaptors (type A,C,I,G)
- Instruction guide

You can download the full instruction manual in your language using the QR-code.

TECHNICAL FEATURES

| SECATEURS                     | BCL20IB                          |
|-------------------------------|----------------------------------|
| Cutting capacity              | 32 mm                            |
| Weight without battery        | 740 g                            |
| Weight with battery           | 970 g                            |
| Length of the tool            | 285 mm                           |
| Length of the blade           | 60 mm (middle CB – tip of blade) |
| Full opening cutting capacity | 32 mm                            |
| Half-opening cutting capacity | 15 mm                            |
| Operating voltage             | 14.4 V (max. voltage 16.8V)      |
| Power of the motor            | 100 W (max. power 500 V)         |

BATTERY

|                 |             |
|-----------------|-------------|
| Type of battery | Lithium-Ion |
| Model           | BCL1B03IB   |
| Rated voltage   | 14.4 V      |
| Capacity        | 2.5 Ah      |
| Stored energy   | 36 Wh       |
| Run-time        | 2 – 3 hours |
| Charging time   | 1.5 hours   |
| Charger         | BCL1C4IB    |

15-32mm  
cutting capacity

2-3hours  
run-time per battery

# CORDLESS TYING MACHINE

- 0.3  
seconds per tie

**740**  
ties per coil

**6-8 hours**  
run-time per battery

## 2 battery packs
